

Announcing a **new GM&O book** compiled by David Johnston over a ten-year period with contributions from noted GM&O experts. Editing and page layouts by Mike Schafer.

book publisher: **White River Productions**

An illustrated reference manual covering historical, technical and operations data.

Includes equipment rosters, train schedules, plus historical and business data from 1940 through 1972; also covers the predecessor companies and early ICG years. Includes maps, drawings, diagrams, data tables, equipment rosters, plus over 200 color and black & white photographs. Meticulously researched and fact-checked, with lots of previously-unpublished photographs and information.

A must-have reference for any GM&O historian or modeler.  
Hardcover, 8.5 X 11 inch vertical format, printed on heavy gloss paper, 194 pages.

This is a partial list of Photographers and contributors:
